

## 6<sup>th</sup> Grade Conservation Field Day

Hosted by: Holston River Soil & Water Conservation District

The sixth grade is planning a field trip to Highlands Dairy Farm in Glade Spring, Virginia on Tuesday, October 9, 2018. We will be leaving school at 8:45 a.m. and returning at 2:30 p.m. We will focus on pollution, conservation and how we fit in when it comes to taking care of our soil, water, and environment. Your child will need the following items packed in a small string back pack or bag:

- **Your lunch and a drink that does not need refrigerated. (If your child will need the cafeteria to pack their lunch, please indicate below.)**
- **Water bottle to stay hydrated throughout the day.**
- **Wear long pants. NO SHORTS! We may be in tall grasses and weeds.**
- **Dress in layers. It can be chilly at Highland Dairy Farm!**
- **Wear closed toe shoes. NO FLIP FLOPS!**
- **Sunblock and bug repellent**
- **Hat**
- **Rain gear because even on a pretty day we could get caught in a quick shower.**
- **A towel or small blanket to sit on during lunch.**

---

**I give/do not give (circle one) my permission for my child,**  
\_\_\_\_\_ **to go to the Highlands Dairy Farm**  
**in Glade Spring, Virginia on Tuesday, October 9, 2018.**

---

**Parent's Signature**
